

## LIVINGSTON

Miss Drusia Strange, of Lebanon Junction is visiting Mrs. Joe Omary.—Mrs. W. R. Johnson is visiting in Lebanon Junction this week.—J. B. Coleman, of Louisville was also with friends here Saturday.—Mrs. R. J. Lemons is suffering with gripp.—Mrs. Carry Graves is visiting her brother, John Graves of Paris.

R. W. Boles who was freight agent here and who has had a severe case of typhoid fever is getting well.—J. P. E. Drummond was in Mt. Vernon Tuesday.—Matisson Mink has moved his family to the house vacated by S. E. Hellard on the river.—George Pope seems to be improving slowly.—Miss Lida Cook is very sick.—L. G. Palin was in Corbin Sunday.—James Poynter has moved to London where he has a position as assistant section foreman.—S. R. Hellard has moved into one of the section houses over the river.—S. E. Pennington was in Mt. Vernon Monday.—W. N. Riggs was in Louisville Monday on a pleasure trip.—J. W. Baker was in Mt. Vernon Wednesday.—Dr. D. B. Southard, of Mt. Vernon was in our town Tuesday.—On Feb. 23, J. B. Hayes had rounded out 17 years on the section, and "Dad" is full of life yet.

W. M. Warren, of Hazel Patch, who fell from a bridge has about recovered.—Dr. Amyx, the druggist, has his drugstore completed and has his drugs up. He has a nice, up-to-date drugstore.—Misses Nellie and Lillie Carter, of Lebanon Junction, are visiting friends here this week.—Last week we had real spring weather and now it is as cold as midwinter. Last week the farmers were out hunting up their old plow stocks and hoes; Aunt Jennie was sharpening up the

old case knife to pick greens, and telling the children where she intended to sow her lettuce. We truly wish now that the ground hog had waited till some cloudy day to put in his appearance. Mrs. T. J. Niceley, of Mt. Vernon, passed through here Saturday en route home from Berea.—Judge Sambrook informs us that Rev. James Walton has been called to preach for a Church in Louisville. This is a great honor, but he is a fine man and justly deserves the honor.—The pay train passed through here Monday and cheered the drooping spirits of the railroad men.—Mrs. Oscar Aigenbright is visiting in Corbin this week.—Will Ward and family are going to move back to our town.—Rev. Watson filled his regular appointment at the Presbyterian church Sunday and Sunday night.—Two boys were taken to Mt. Vernon Monday charged with stealing coal and selling to citizens of the town. They look to be 12 or 13 years old. One is the son of a widow, and the other is the son of a man, if he deserves to be called a man, who deserted a wife and seven children and left them on the mercy of the world to work out their own salvation.

There was a Washington Birthday supper at the Masonic hall Wednesday given by the Eastern Star members. They have purchased a set of furniture for the new hall and the supper was to finish paying for it. The members are to be complimented in their undertaking and those that have seen the furniture say it is something to be proud of. If they did as well as they did before, at the other supper they will square off their indebtedness which is over \$200.—H. W. Bowman is in Hazard, Ky., on a business trip.—Judge Chenaunt of Richmond, is leaving a coal mine

opened up about 2 miles down the river.—H. W. Bowman's tobacco barn and its contents consisting of about 3000 pounds of tobacco burned last week. No insurance.—Tuesday old Uncle Jerry Owens, about 85 years old, was killed by a train near the freight depot. We have not learned the particulars but from what we can gather he stepped in front of a caboose as the train was backing up and his head was severed from the body. People should be very careful around the tracks here in Livingston as it is double track and one can not be too careful. The R. R. Co. has taken every precaution it looks like to guard against such things as this, and have warning notices upon the yard but yet such will happen. This is a sad occurrence but unavoidable.

## BRODHEAD

Jop McCall has sold half of the farm that he bought from J. B. Farris to W. T. Brooks for \$1250.—N. S. Cress, of Quail, has moved his family to West Port Ind.—J. C. Gibbs has sold his farm near Hiatt to W. J. McQueen for \$3300 and will leave about the fifteenth of March for Phoenix Arizona.—Dave Bolcher purchased part of the Salbe Pruitt farm from his brother and moved there Wednesday.

Ed Farris will leave us in a few days for Owanico Ill., to locate.—Miss Elizabeth Carter is visiting her brother Dr. W. F. Carter.—Mrs. P. A. Shelton is visiting her parents at Boston Ky.—Rev. J. W. Graham, of Louisville will preach at the Christian church Sunday morning and evening.—Misses Jewel Francisco and Judith McCall spent Saturday and Sunday in Maysburg.—Henry Brooks and Monte Roberts, of Baxter Ky., spent Saturday and Sunday at home.—J. J. Painter and wife are in Lebanon for this week.—Last Sunday night George Ballard of Negro Creek left his house and not returning the family became alarmed and began to search for him. He was found next morning lying near his barn dead.—The protracted meeting is still being conducted at the Methodist church.—Mr. T. S. Frith and Jacob Rider are very sick.

## PINE HILL

Bro. Jones filled his regular appointment at the Baptist church Saturday night, Sunday and Sunday night.—Miss Lottie Carmical was visiting her grandmother in Mt. Vernon the first of the week.—Mrs. Belle Kinser is some better.—Born to the wife of Lee Proctor a fine girl on the 21.—Jack Ballard was called to Brodhead Tuesday on account of the death of his uncle, George Ballard.—Arthur Kinser was called here last Friday on the account of the illness of his wife.

Little Christeen McFerron, a student of the Brown Memorial School, was at home from Friday until Monday.—Jim Poteet was down from Wilton Sunday.—Miss Georgia McFerron is visiting in Mt. Vernon and Hustonville this week.—Pierce Cottengim was at home Sunday.—W. A. Cromer was in Mt. Vernon Tuesday.—Clay Cottengim sold to Mrs. Jim Dolan one horse for \$65.00.—Mr. and Mrs. Mort Owens of Marethurg are visiting relatives here this week.—John Gray has moved from his home place to the section house.—W. R. Thomas has moved in the John Gray property.

## BROWN MEMORIAL SCHOOL

(Held over from last week.)

The school continues to grow. Since last report Misses Maggie Hansel, Geno Fields, Clyde Sigmon, Lena McCall and Bettie Lewis have enrolled.

On Friday and Monday, these being the school days nearest the birthday of Lincoln, special exercises were held. On Friday Mr. Watson gave an interesting talk on the life influence of Lincoln. The special features on Monday morning were the patriotic quotations by all grades and the flag salute led by the kindergarten, followed by a number of flag songs by the little ones.

The program of the Literary Society on Friday was also in memory of Lincoln. The story of his life was read by Mattie Huff, his character and work by Rae Hunt and Miss McCord read "The Perfect Tribute."

St. Valentine's Day was observed by a party at Langdon Dormitory. There were about seventy-five present. The rooms were decorated with hearts and looked very attractive. Many interesting games were played and all had a good time.

(THIS WEEK'S NEWS.)

Washington's Birthday was observed by appropriate chapel exercises, after which Miss McCord announced that when the usual Wednesday morning tests were over the remainder of the day would be granted as a holiday. This announcement was somewhat unexpected but met with enthusiastic applause.

On Tuesday evening, Feb. 28th at 8 o'clock, Miss Dodson's class in music will give a Piano Recital at the Presbyterian Church. All are cordially invited.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## WASHINGTON'S GREATNESS

In the course of centuries many men have attained high position and power and their fame has been trumpeted abroad. Yet today they are forgotten and it is only by searching narrowly the pages of history we learn that such personages ever lived. The sifting process constantly going on has cast them to the one side and covered them with oblivion because they were lacking in true greatness.

There are other men who with the passing years loom up larger in the estimation of mankind. Posterity recognizes even more than did the age in which they lived their virtues and abilities and their service to humanity. Such a man was Washington, of whom Gladstone so truly said that he was the greatest character produced in the eighteenth century. As one contrasts him with that other George, the obstinate and half imbecile British monarch, against whom he took arms, his superb character, lofty patriotism, and splendid services to his country stand out in bolder relief.

Of course all this was admitted even in his lifetime. But today, after the more than a century of varied political and other experiences the nation has endured since his death, his wisdom, political sagacity and wise statesmanship, as well as his character and military qualities, are more gratefully recognized than ever. Thus it is that the anniversary of his birth never passes unnoted.

Col. John D. Babbage, editor of the Cloverport News, who was a vigorous supporter of Ben Johnson said in the late issue of his paper:

McCRAVY THE MAN.  
Our advice to the democrats of this county, if they want success is to quit their tomfoolery of personal politics and get on to broad Democratic lines. Get together and pull together. Our man is out of the race. He quit of his own accord or on the advice of a few overzealous friends who seem to have been mistaken. Mistakes will happen in the best regulated families. And when we make mistakes the best thing to do is to right them and do it quickly. And don't be ashamed of them. The greatest mistake we ever made was when we took a wild shoot and went off with the unknown gods. The thing for all good loyal democrats to do is to unite on the only man who can carry our banner through at the general election, and that is McCRAVY. We are no less a friend of Mr. Johnson when we do this, now that he is out of the race. The next best man is McCRAVY. He is a tried and true democrat and the only man who can win in November.

## REPORT OF BRODHEAD GRADED SCHOOL.

Owing to the unusual amount of work on hand this is the earliest date at which we have been able to submit our January report, but notwithstanding its tardiness we believe our patrons will be pleased

with it since it is the best in the history of the school.  
Our total enrollment for this year is now 302 with an average attendance for the month of January of 93 1/2 per cent.

The Brodhead Graded School is only fourteen months old (in the actual no. of months taught) and our enrollment has increased from 110 to 301.

There are only 8 pupils in school who have lower grades for the month of Jan. than for the preceding month and the deficiency in most of these cases is due to unexcused absences.

The greatest advancement made by any class was made by the Adv. English Grammar class, which has an enrollment of 42 members. Most intense interest is being shown by the members of the class especially in sentence analysis in which they were at first very deficient.

The competitive map drawing has stimulated the geography class almost to the point of enthusiasm. They are arranging the maps systematically in regular drawing books and many of the maps are not only well done but truly artistic.

The Caesar class too deserves special mention for the splendid work they are doing. They are doing. They read with ease a chapter a day and are industrious enough to want more rather than less.

Perhaps in no other direction except that of deportment has our school so improved as in its memory drill work. Pupils who at first declare they could not memorize now make almost no complaint at a greatly increased amount of work and every teacher reports the good effect of this mental exercise upon the lessons. We use the bible for our memory drills because it affords an easy useful and systematic text book for the entire school.

We are glad to say that through the united efforts of teachers and pupils cheating is being reduced to a minimum and in examination there is now almost no trace of this tendency to dishonesty on the part of pupils. Very few now require to be watched and the idea of self government is taking rapid hold upon the majority of our pupils.

We wish in this public manner to insist that the few people in the district who have not yet enrolled their children do so at once. We only like 24 of having all the pupils in the district enrolled and it would be a source of delight to us and a matter of pride for the entire district to be able to enroll every child on the census list. If there are any who are staying away because they have not books you will kindly report the matter to the principal or trustees we will try to make some provision.

The school very thoroughly appreciates the interest and hearty co operation of the parents. It has helped us this year in every undertaking.

More night study is being done and or this we always give a full share of the credit to the parents. To the awakening interest in outdoor sports, which works off at recess much of the surplus energy of our vigorous boys and girls, we attribute much of the improvement in deportment. We have several boys who are now proud of the fact that they can run 100 yds. in 11 1/4 seconds.

IDA MAY ADAMS PRIN.

## TOBACCO TALK.

Mayfield Messenger: Great preparations are being made to plant one of the largest crops of tobacco ever known to Graves county.

Winchester News: We are inclined to think that a very good way to raise tobacco this year would be to get the ground in good condition and then plant it in corn.

Dover News: "Opened up soft" is the excuse for the low prices of tobacco on the breaks: You never hear anything of this until the farmers first opened up soft by refusing to pool.

Lancaster Record: Mr. Leonard Miller, the foreman in the Record office, is about the most energetic man in town. Last year aside from putting in ten hours a day in the office, he cultivated a part of his garden in tobacco. He sold his crop Saturday for a good price.

Maysville Bulletin: Mr. A. J. Donovan, of the feruleaf neighborhood enjoys the distinction of

having, so far this season, received the record high figure for tobacco on the local market. Mr. Donovan had a 14,000 pound crop, part of which he brought in Tuesday a portion of it bringing the handsome price of 30 cents a pound, which goes to show that the grade tobacco is in demand.

Hopkinsville New Era: Hundred pounds of some very long black wrapper leaf tobacco were sold on the loose floor E. and W. D. Cooper Wednesday for \$16.50 per hundred pounds establishing another high for the season. The tobacco grown by Mr. Brown on the Carroll farm in the V. chapel neighborhood. It measured about twenty-six inch length and was as fine as ever seen here.

Mayfield Mirror: Mr. E. Burd and his brother were city Monday drawing the for their crops of tobacco. Edmund alone raised on the place, eight miles west of field, 6,164 pounds of tobacco which he sold here at from \$4 per hundred pounds, only six acres for his crop crop yielded him \$537.15. He raised \$464 worth of tobacco for the leaf and \$4 for the in which Edmund has a hand.

## LAND STOCK AND CROP.

President Brown, of the New York Central railroad, believes it would be wiser to spend money from the Federal Treasury in providing better education for farmers than in building more battleships. The farmer is about the hardest worked man in the country; but a heavy percentage of his work is thrown away because he does not know how to get the best results out of the land he tills. Properly trained the farmer would make the farms doubly fruitful, and his advantage would be a common advantage. Big crops are the nation's largest asset.—Philadelphia Record.

The cold snap of the last few days has had little effect upon the egg market. The price is just a little higher than it was the latter part of last week, when the weather was very warm, but the housewife can still buy "stickily fresh" eggs at 20 cents a dozen. According to the wholesalers, there is no danger of the price of eggs going very much higher in the near future. People dealing in eggs seem to be of the opinion that the farmers are getting good supplies daily from their hens.

C. W. Lester former Commonwealth's Attorney and State Inspector during Gov. Bradley's administration, died at his home in Williamsburg Sunday, aged 65 years. Mr. Lester was born in Pulaski county and during his early life carried the mail between Somerset and Monticello. He afterward became a school teacher and one of the most eminent educators in the mountains. He studied law and was admitted to the bar while teaching school. He was elected Commonwealth's Attorney in the Whitley county district in 1892, but resigned to become State Inspector under Gov. Bradley. He leaves a wife and three children, A. V. Lester, of Cincinnati; Miss Gertrude Lester, a teacher at Key West, Fla., and a graduate of the Louisville Kindergarten Training School, and Keith Lester, young son.

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had grown so weak that it was impossible for me to do thirty minutes work in a whole day. I suffered intense pains in my left side and under the left shoulder blade. I could not sleep on the left side, and was so short of breath that I thought I should never be able to take a full breath again. The least exertion would bring on the most distressing palpitation. I had scarcely taken a full bottle of the Heart Remedy before I could see a marked change in my condition. I began to sleep well, had a good appetite, and improved so rapidly that when I had taken six bottles I was completely cured."

Some one entered the store room of McKenzie & McBee Sunday night, but if they took anything at all, it was so little that neither Mr. McKenzie or Mr. McBee have missed it. The same night some one attempted to enter the residence of Meshac Gentry, but Mr. Gentry saw them just as they were attempting to raise the window and rushing to the door fired a shot from a Swiss rifle which even though the bullet did not come within several yards would make one think he was shot. There are too many of these little petty thefts going on around town, which look very much like there is more than one party at work.

## COMMERCIAL CLUB.

The initiatory step towards the organization of a Commercial or Business Men's Club was made Tuesday night when a few enterprising citizens met in the drug store of Chas. C. Davis and took the preliminary steps toward the organization. The meeting was called to be held at the Court house but on account of the inclemency of the weather, it was not expedient to try to hold the meeting there as no preparation had been made for it. Some of the great things in the world have sprung from just such little beginnings and the hope is that an organization in the way of a Commercial Club can be effected that in time to come will bring rich results to Mt. Vernon. There are numbers of little enterprises which Mt. Vernon could have it only the citizens of the town would take hold of them and make a pull for them. Conceding action is what it takes, can we have it?

There will be another meeting at the Court house next Tuesday evening, when a large number is expected to be present, when a complete organization will be effected and the necessary officers elected. Come bring your friends, your presence is desired and your help and encouragement needed.

The Republican Committee of the 17th Senatorial district met at Middlesboro Wednesday and declared Judge Joe F. Bosworth the nominee for State Senator there being no other candidate. Judge L. W. Bethurum Committee man U. G. Baker, Secretary Hugh Miller and Sheriff T. J. Niceley were present from Rockcastle. A big banquet was given in honor of the occasion by Judge Bosworth and his friends. The speech of Judge L. W. Bethurum was the principal address of the evening. Secretary Hugh Miller was re-elected secretary of the Committee, Judge Tarter, of Somerset, was re-elected chairman.

Elder A. C. Griffith will preach at the following times and places:

Plato, Sinking Valley, Friday night, also Saturday and Sunday before the 4th Lord's day in this month. Also Union church 1st. Sunday in March; at Green Hill school house at 11 o'clock on the second Sunday in March, and the third Saturday night and Sunday in March at Gum Grove church on Copper Creek. The fourth Saturday night and Sunday in March he will preach at the Solie Griffin School house, near Cooksburg. These appointments will close Eld Griffith's work in Rockcastle, as he will leave about April 1st. for Pineville and other points in Bell county and thence to Cranford, Ga., where he will be located for some time on account of his health.

The Board of Trustees at the last Saturday night meeting, which was adjourned over from a regular meeting for the purpose of considering and adopting a special privilege tax, passed ordinance No. 15, which provides a special or privilege tax on all businesses, trades and professions. The passage of this ordinance has caused no little amount of talk and with some is meeting with strong opposition. Some are so strong against it, that they say they are willing to put up money to test the validity of the act. To argue the validity, we shall not attempt as we are not prepared to say that every technicality of the law has been complied with or that any has been violated, neither do we say, that every tax provided by the ordinance is just as it should be, but we do know that the board has the best interest of the town at heart and when they passed the ordinance thought they were doing for the best interest of the town. These special privilege tax are to go for the construction and maintenance of lights, which every sound minded man will agree, we ought to have, but many of our best citizens and business men, think that on account of the taxation already imposed that this little additional tax, will be a burden and that the town can better afford to do without the lights than to have this extra tax at this time. Others say they are willing to pay the tax that lights will be worth more than the small additional tax asked. So that there can be no kick and harmony prevail, the board of trustees have requested us to say that at the next meeting of the board, that those, that is the business and professional men, who will be effected by this ordinance are requested to come before the board and if the majority present favors the ordinance then it will stand and if the majority favors its repeal that it will forth with be repealed. This should meet with the approval of every citizen in the town and we certainly hope will.

On Thursday evening of last week a crowd of about thirty young people met and organized the Young People's Missionary League of Mt. Vernon with officers as follows: Rev. G. S. Watson, President, Miss Marcelene Kefauver, Vice President, Miss Daisy Fish, Secretary, A. B. Furnish, Treasurer. After the organization was effected a short missionary program was rendered, followed by a social hour enjoyed by all. The League will meet on alternate Tuesday nights. The purposes of the League are both missionary and social. About one-half of the time at each meeting will be devoted to the study of some present day missionary field or problem, and the League voted to take up first a study of the Emigration problem, using as a text books, "Aliens or Americans?" by Grouse. If you have not joined the League now is time to get started in this interesting work.

Danville Advocate: The time for entry in the circuit judgeship race for the Democratic nomination closed last Saturday and the Hon. Chas. A. Hardin, of Harrodsburg was the only aspirant to put up the entrance fee of \$300. It is believed that he will not have any Republican opposition, as he is a very high-class man and is eminently fitted for the exalted position. Another race will soon be on foot—that for the Democratic nomination for Commonwealth's Attorney in this district. Mr. Hardin now holds that place and on account of the fact that he will be exalted to the station of circuit judge he will be forced to retire. Quite a number of prominent lawyers are being mentioned as suitable men to succeed Mr. Hardin. It certainly is getting to be Danville's time to be honored with a district office. There is plenty of good time here Judge E. V. Puryear, the Hon. Henry Jackson and others are being strongly mentioned.

## TORTURED FOR 15 YEARS

by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer." Whatever I ate distressed me," he wrote, "till I tried Electric Bitters, which worked such wonders for me that I can now eat things I could not take for years. Its surely a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed Only 50c at Chas. C. Davis.

Carrollton News: The record price for the 1911 tobacco crop was made at the Carrollton rose leaf house Saturday, when a basket out of a crop offered by J. R. McDonald brought 46 cents per pound several of the baskets bringing 35 cents or more, the crop of 8,500 pounds averaging over 18 cents. It was grown near Ghent.
